The second band concert given by the Ashland band in Lithia Park last Friday evening brought out a goodly sized crowd despite the chill evening breezes which seem to persist on the nights chosen for concerts. The program was a very enjoyable and well arranged one.

Many Inquiries About Ashland

Inquiries for information and literature have been received by the secretary of the Ashland Commercial Okla. Club from each of the persons listed below. The list is printed and further lists will be printed from time to time in order that Ashland people who know those from whom inquiries come or who some from the same localities may write personal letters to them

Many of the writers below listed asked for definite information concerning conditions here, many asked for general information, and many wrote to inform the club of their intention to come to Ashland or Oregon to make their home. A great number intend visiting the coast this summer and write for literature so that they may read upon what Ashland has to offer the casual visitor.

A big majority of the inquirers, and especially those who have written within the last two weeks, inquire concerning the springs and mineral water and state that they intend to make visits of from a few days to months this summer in Ashland: William H. Field, Port Chester, N. Y.
